CC This television receiver provides display of television closed captioning in accordance with §15.119 of the FCC rules.

Let's make things better.

PHILIPS MAGNAVOX

Color Television

19PR21C

Picture

Black Stretch

Special circuitry enhances the darker portions of the picture for added realism and overall picture quality.

SmartPicture™

Instantly optimize brightness, contrast, color, tint, and sharpness settings to enhance enjoyment of video games, sports, movies, or weak signals.

Remote Control

29-Button Total Remote controls:

- SmartSound™, SmartPicture™, SmartMute™, and Surf™ options
- Onscreen clock
- Menu display
- Direct channel access
- Closed caption
- Volume mute
- Status/exit
- 4-way cursor control
- Programmable scan tuning
- Volume control
- 90-minute sleep timer
- Power on/off

(Remote # RC1112901/04)

Convenience

Surf™

Simplify channel surfing by storing up to five favorite stations in the Surf™ memory and then surfing only those channels at the touch of a button.

SmartLock™

Protect young children from harmful programming with V-chip technology based on the Motion Picture Association of America (MPAA) and the network television rating systems.

Front A/V Jacks

For fast, easy connection of external video sources (VCR, camcorder, or video games) nothing beats front audio/video input jacks.

SmartMute™

Automatically activates closed-captioning when the MUTE button is pressed.

Alternate Channel

Keep close tabs on 2 different channels with one-button convenience.

Onscreen Clock with Alarm Timer and 90-minute Sleep Timer

Correct digital onscreen time display at your fingertips. Sleep timer automatically turns set off at a preset time of up to 90 minutes, programmed in 15-minute increments. The Alarm Timer automatically turns on the TV to a preselected channel at a preset time of up to 24 hours from the time it was set.

Bilingual Onscreen Display

Control various television features with easy onscreen displays in your choice of English or Spanish.

Auto Programming

Automatically scans all available channels–from regular antenna or cable–and programs only active broadcast stations into memory.

Closed Caption

Allows the hearing impaired to read dialogue and narratives (on Closed Caption telecasts) without the use of an external decoding device. Excellent for development of language skills and private viewing without disturbing others.

Onscreen Volume Bar

When activated, this feature displays an onscreen volume bar for a visual indication of the volume setting.

Sound

SmartSound™

When activated, SmartSound™ keeps volume levels constant between programs and commercials, and from one channel to another. SmartSound™ constantly monitors the audio signal, reducing a signal that's too loud and increasing a signal that's too weak.

Audio/Video Jack Panel *JP202*

Additional Features Include:
